

## **TEAM COMPETITION POINTERS & INFORMATION**

- When booking hotels, make sure you can cancel and change your reservation
- You can stay at the hotel of your choice. Sometimes the meet host offers a room block discount at a nearby hotel.
- Each competition will have a website and will provide general information about hotels and nearby activities.
- Exact competition days and times will be sent out via email as soon as we receive them from the host gym. Usually this is about 30 days before the competition. Your child will only have to attend their designated day and time.
- During the week of a competition, it is **mandatory that your child attends all designated practice days**. Practice days are subject to change due to the competition schedule and when coaches will need to travel. Your child will be scratched from the competition if your child does not attend all practices. Please make sure you communicate with your coaches if an issue occurs.
